

All children – regardless of gender, starting point or background – will have the opportunity to engage with a high-quality PSCHE education. They will be equipped with the knowledge, skills and vocabulary to understand that they need to lead confident, healthy, independent lives and to become respectful, active and responsible global citizens, so that they leave our school confident and assured of their place in this diverse and changing world. We intend to inspire a sense of enjoyment and curiosity about PSCHE.

Wider World - Caring for Others and the Environment

Autumn 1

Prior Knowledge:

- It is important to take responsibilities at school and at home (including looking after the environment).

Key Vocabulary:

- Pollution
- Habits
- Common Goal
- Compassion
- Competing
- Poverty

New Knowledge:

Everyday habits protect the environment from plastic pollution. We can work together to reach a common goal and make a positive difference. Plastic pollution is a key issue for our world today. Everyone can take responsibility to tackle ocean and plastic pollution. A charity is a campaign with a purpose to help individuals, animals or the environment. The purpose of a charity is to help those in need, reducing animals, preventing poverty. Compassion means being concerned about other people. Fair-trade, reusable plastics and giving to charity are ways to choose to spend money and have a positive effect on others and the environment.

No Outsiders:
